

DRIVEN BY AIR.

# PRO 10mm Belt Tension Sander

The latest addition to PCL's competitively priced, PRO range of air tools.

Designed for metal work fabrication, general sheet metal work and general sanding applications, the PRO Belt Tension Sander is competitively priced without compromising quality or performance. A simple tension mechanism ensures the belt maximises performance and prevents slippage.

## Features & Benefits

- Optimal positioning due to rotating handle
- Rear exhaust through handle
- Non-slip handle grip
- Adjustable sanding arm
- Mechanism for quick and easy belt exchange

## Specification

Part no.	APT780
Size of belt:	10 x 330 mm
Air inlet:	1/4"
Air hose:	3/8"
Air pressure	90 psi
Motor:	0.6 HP
Air exhaust:	Rear
Sound level:	88 dB
Free speed:	17,000 rpm
Air consumption:	4 CFM
Vibration:	5.65 m/s <sup>2</sup>
