A HORNGROUP BRAND

DRIVEN BY AIR.

Air Tool Oil ISO 22

Premier quality air tool oil of naturally low viscosity intended for the lubrication of pneumatic tools, hydraulic systems, valves and associated equipment.

Blended with inhibitors to minimise thermal degradation and foaming, and protect against corrosion and deposit formation. The oil is formulated to ensure rapid formation of a mist for lubrication of downstream pneumatic equipment.

Part No.	Description
ISO221L	Air Tool Oil ISO 22

Compressor Oil ISO 32

Suitable for:
Rotary Screw, Vane & Reciprocating Compressor

Specification:
DIN51515 (Part 1 & 2)
DIN51524 (HLP, HVLP)
DENNISON HFO

Part No.	Description
ISO321L	Compressor Oil ISO 32

PCLDAT034

PCL is the world leader in the design and manufacture of tyre inflation and compressed air products.
